

# La gestion des pages: Menu administration > Pages du site

⚠ Attention, par défaut les pages publiques apparaissent en premier

The screenshot shows the 'Pages du site' management interface. At the top, there is a search bar labeled 'Rechercher' and a yellow '+' button in a circle. Below the search bar, the breadcrumb path is 'Pages > Pages Publiques > Accueil'. Two callout boxes are present: 'Ajouter une page parent' (orange) pointing to a '+' button in the 'Pages Publiques' header, and 'Ajouter une page enfant' (blue) pointing to a '+' button in the 'page enfant de accueil' header. The main content area is divided into 'Pages Publiques' and 'Pages Privées'. A yellow callout box 'Déplier les pages' points to a right-pointing arrow icon next to the 'Pages Privées' header. A list of pages is shown, including 'Accueil', 'Présentation du lycée', 'Public', 'Page publique', 'LGT Privé', and 'test agreg'. A blue callout box 'Bouton d'actions' points to a three-dot menu icon next to the 'page enfant de accueil' entry. A context menu is open over this entry, listing actions: 'Voir', 'Configurer', 'Convertir en page de contenu' (crossed out with a large black X), 'Copie de page', 'Widgets Orphelins' (crossed out with a large black X), 'Droits d'accès', and 'Supprimer'. An orange callout box 'Déplacer la page par glisser/déposer' points to a drag handle icon (three vertical dots) next to the 'LGT Privé' entry.
